On the occasion of the fourth CiuriCiuri in Valverde (CT) on April 5<sup>th</sup> and 6<sup>th</sup> 2014, the Association CiuriCiuri announces the 4<sup>th</sup> design competition, entitled Revising Cinema, for students, recent graduates, and young professionals under 30 from Departments of Agriculture, Architecture and Engineering.

The objective of the association has always been the promotion of Garden and Landscape, and previous annual competitions have directed attention to the design of gardens with low economic and environmental impact. The association has always encouraged the formation of interdisciplinary teams who could benefit from the specific expertise of each profession.

The theme of the event on Sunday April the 6<sup>th</sup> is “Garden in the Cinema and Cinema in the Garden”, how the seventh art has dealt with the theme of the garden and how the latter has influenced the former. During this day the brief for the competition “Revising Cinema” will be presented. Participants are asked to design an outdoor theater which will be implemented to host the summer movie series whose theme is “The Garden in Cinema”.

### **Participants**

Participation is intended for students, recent graduates and professionals under 30 from departments of Agriculture, Architecture and Engineering. Mixed interdisciplinary teams are suggested and encouraged in order to achieve a design coherent with the context and complete in all structural, formal, and vegetation aspects.

### **Program**

The program asks for the design and implementation of an outdoor theater for up to 60 people.

Implementation is an integral part of the competition and is carried on exclusively by the entry team. The organizing association aims to have participants acquire practical skills and develop designs that can be implemented with simple installation. Installation has a temporary character, as it will exist only for the summer event The Garden in Cinema.

The budget provided by the competition organization is 600 (six hundred) euros. The competition teams can choose whether to accept this threshold as maximum or to exceed it. In the case that foreseeable expenses will be higher than 600 (six hundred) euros the teams can look for sponsors who will be allowed to display advertising posters of 50cm by 100cm.

### **Requested material**

Each team should submit a maximum of five A1 boards that must include the following minimum information:

Plan scale 1:50

Cross sections or elevations scale 1:50

2 prospective views

Construction details scale 1:20 / 1:5

Bill of quantities (necessary for implementation)

### **Evaluation criteria**

Formal quality 10 pts  
Functionality 10 pts  
Ease of building 10 pts  
Cost effectiveness 5 pts  
Use of recycled and/or eco-compatible materials 5 pts

## Prizes

The winning entry will receive a prize of 300 (three hundred) euros and a subscription to the Architettura del Paesaggio magazine.

## Dates

### Registration

Registration opens Sunday April 6<sup>th</sup> at 5.00 PM after the presentation of the competition brief. Registration fee for each team is 50 (fifty) euros by Sunday May 4<sup>th</sup>. Registration is open until Sunday June 1<sup>st</sup> with a fee of 80 (eighty) euros.

Registration forms can be downloaded here and sent to the address [ciuriciuriconcorso@gmail.com](mailto:ciuriciuriconcorso@gmail.com).

The team will be officially enrolled when the receipt of the payment to the Association CiuriCiuri will be received. A confirmation email will be sent to participants.

### Delivery

The entry material has to be received in hard copy and PDF. The hard copy boards to be discussed by the jury and displayed in an exhibit during the summer movie event are to be received by June 10 2014. By the same date PDF 10 MB maximum are to be sent to [ciuriciuriconcorso@gmail.com](mailto:ciuriciuriconcorso@gmail.com) for archival and possible multimedia presentations.

### Winner declaration

The jury will meet by June 15 2014 to choose the best design to be implemented for the summer movie event. In case the selected team is not available for the implementation, the award and implementation will be assigned to the next ranking team.

### Implementation

The selected design must be implemented by July 10 2014. The selected team will be responsible for all the material necessary for implementation. The organizing Association will reimburse expenses with a Fattura Fiscale in its name.

The team can choose if to buy material from vendors affiliated with the organization or from other ones.

### Construction test

The start of the summer movie event is July 15
